

CHRISTY NICHOLS

Director, Discovery Land Company Foundation

I love the Bahamas and visit Baker's Bay Golf & Ocean Club when I'm there. Baker's Bay has supported local charities for the past decade, including **Every Child Counts**, **Friends of the Environment**, **Bahamas National Trust** and **BREEF** through internship opportunities.

We collaborate with local citizens, Baker's Bay employees and members. I speak with individual members and employees frequently, and they share candid information that helps our assistance to them. With Baker's Bay, our support is all-inclusive in giving to children and families in Abaco. The Discovery Land Company Foundation gives designated funds productively and is often matched with donations from Baker's Bay members in addition to volunteering and working with Baker's Bay employees. Many individuals and diverse groups participate enthusiastically in local giving.
